What is the best way to promote family learning in Vernon?

- discuss the important role of families in making the home a learning place where everyone builds skills needed for success in school and life.
- Find opportunities for us to work together to support family learning in our community

Why is this an important topic?

- Parents are a child's first teachers; the home is the center of learning
- Family learning is everybody's business, it happens in every day activities
- **The whole community gains when families are learning together because strong families make a strong community**

To plan appropriately for dinner and babysitting if needed, RSVP is required to Ann at 872-1793 or at ays341@aol.com by Monday, April 2nd
